

WSIB Premium Rate Management Webinar for Ontario Hospitals

On February 17th^h from 10:00 – 11:30 am SE-GA will be presenting, via ZOOM, an updated presentation on the Rate Framework model: Premium Rate WSIB Management

As we enter Year 2 of the WSIB's Rate Framework many Ontario Hospitals still have more questions than answers:

- What does the final NEER statement mean for my Hospital?
 - What if I have pending decisions?
 - Can we launch new NEER appeals?
 - **NEW FOR 2021:** Information on the WSIB's Special NEER Adjustment in 2021
- How did the WSIB determine my premium rate?
- Can we project our future year premium rates?
- What do the new Premium Rate Extended and Claims Detail Statements mean?
 - Does it reveal trends or one-time impacts?
- If we gain cost relief how would we know if it was applied?
 - How would we know the financial gain of a cost relief decision?
- What is the "worst" type of claim?
- Should we be doing anything differently? Prevention? Claims Management?

This session is exclusive to Ontario Hospitals and any attendee will be entitled to a one on one session after the session to review your 2020 Premium Rate Extended Statement and Claims Detail Statement
